EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Robert Ronau on 6/7/04.

The application has been amended as follows:

Cancel claims 1-39.

In claim 41 after propionic acid

Insert --- or a pharmaceutically acceptable salt thereof ---.

Reasons for Allowance

The following is an examiner's statement of reasons for allowance:

Applicants have cancelled claims 1-39, which had subject matter drawn to numerous non-elected subject matter.

The claims 41-51 drawn to a single compound as given in claim 41 and their method of treating various respiratory diseases is now being allowed.

The allowed claim is not obvious nor is it anticipated over the prior art.

The US 6380218 discloses a large genus of similar core however, there is no motivation to pick and choose to obtain the species of the invention. The R1 R4 and R5 groups have too many variations to make the species of the invention.

Art Unit: 1625

Applicants have several co-pending applications 10/181416, 10/062811, 10/361062 and 10/613988 which have a similar core but not the species of the applicants compound.

Thus claims 41-51 are allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
